

GLOBAL SANTI FE
Adriatic II

February 26, 2003

To whom it may concern

Throughout the past year, the Adriatic II has worked with Captain Michael A. Allen, Master of Red Lab, a 210' Dynamically Positioned supply vessel. Captain Allen is holder of 1600 ton license; # 925807.

Captain Allen's conduct reflects fairness and straightforwardness. He has shown himself to be a man of honesty and integrity. He handles his vessel along side the rig and under the cranes very well.

In view of these qualities, I feel he is recommendable for any Dynamic Positioning or Ship Handling job for which he may apply.

Regards; *Gerry Wayne Barnhill*
